

Preview of Interwire, 3-5 May 2011

Introduced in 1981, Interwire is the largest and longest-running wire and cable marketplace in the Americas. It is an international trade event that includes exhibiting companies, speakers, and attendees from more than 50 countries around the world and is organised by the Wire Association International, Inc.

Interwire is ranked as one of the 200 largest trade shows in the U.S. by *Tradeshaw Week* magazine and is the venue where buyers, sellers, researchers, and speakers connect with new contacts and colleagues. The show crosses dozens of vertical industries including automotive, construction, aerospace, transportation, and communications, among others. Interwire returns to the city of its origin where it was introduced in 1981, Atlanta and will be located in the Georgia World Congress Center
285 Andrew Young International Blvd., NW
Atlanta, Georgia 30313-1591, USA.

The exhibition dates and hours are:
Tuesday, May 3 10:00 a.m.-5:00 p.m.
Wednesday, May 4 10:00 a.m.-5:00 p.m.
Thursday, May 5 10:00 a.m.-3:00 p.m.

Interwire 2011 is focusing on specific industry sectors that use wire and cable with presentations, technical papers, and executive discussions to orbit around these central themes: Metals & Materials; Manufacturing Best Practices and Green Initiatives. Exhibitor participation is showing a 14% increase between the 2007 and 2009 events. The exhibition attracts attendees from throughout the world with a concentration from the Americas. These attendees, 90% of whom have purchasing influence, represent the hundreds of companies that plan for a wide range of capital expenditures in the ferrous, nonferrous and electrical segments of the industry.

The *Continuous Casting Forum* is a new forum for copper continuous casting practitioners in which every process is well represented. Experts in the field from around the world will be on hand to lead discussions and answer visitors' most burning questions about processing copper bar and rod.

Interwire 2011 exhibitors-listed alphabetically with booth number

Ace Metal Inc. 654
ACM-KSM 1612
AFL 550
Agape Industry Inc. 1802
AIM Inc. 1014
Ajax Turner 717
All Forming Machinery Inc. 770
Amacoil Inc. 713
Amaral Automation Associates 1840
